Dear Commissioner Martin:

Thank you for continuing to support the current FCC rule that local phone companies continue to lease their networks to long distance companies. This is the only way to continue to open up competition in the local market.

Here in Hawaii, we are stuck with Verizon. We have no choices, and will never have choice in the future without the continued lease of local lines to long distance companies.

We hope that one day we may have competition in the local telephone market in Hawaii. Chairman Powell's plan would have ended that hope.

Sincerely,

Bob McCulloch
